Participate in a research study:
What do you do to practice English?

I am researching this question for my Master's dissertation in Teaching English from the University of Birmingham. I need lots of people to answer my survey about independent learning by **1 February 2015**. It will take between 5 and 10 minutes and you can do it online, on your phone or tablet.

Get free resources and win prizes!

Your help is greatly appreciated! To say thank you, I'll send you a giant list of free resources (more than 100 websites and ideas) that you can use to practice your English. And three people who take the survey will win €25 of exam preparation (FCE, CAE, CPE, IELTS, TOEFL, etc.)!

Everyone is important

I want to hear from all kinds of students: if you are at a high level or at a low level, if you are currently taking a class or you aren't, if you practise a lot or only a little, if you use computers and iPads or you only use pencil and paper... You are exactly the person I need for my survey!

Tell your friends!

If you have friends who are also English-language learners, they can take the survey too. I need as many responses as possible. Please help me and ask them to take my survey **before 1 February**.

I've made a short video about it: <http://youtu.be/4c0aaUf8SVI>

You can find the survey here: <http://benteachesenglish.com/survey>

Thanks again!
